

## Google Your Family Tree

"16 May 2009 (Berlin CT) — The Connecticut Society of Genealogists today announced the winners of their annual Literary Awards contest and **Google Your Family Tree** was named **Best Genealogy Reference for 2009**. The book, written by Daniel M. Lynch, first began shipping in November 2008 and quickly drew praise from many in the genealogical community. After just three months, the first printing had sold out and the publisher, Utah-based FamilyLink, was anxiously awaiting receipt of additional inventory to satisfy higher than expected customer demand from around the world."
